Paris, France.

Dear Sir:

I beg you to give me, when it suits your convenience, the address of Hon. Shikazo Suaa [*1], who was in our city during the world's Columbian Exposition, '93 as Secretary to the Imperial Japanese Commission.

I have a package of woods to send him which were promised should go forward some time ago, but I have been unable to obtain any replies to my letters written him.

I have a most pleasant recollection of our meeting, and beg to say that if I can be of any service to you in our city, do not hesitate to command me. Meanwhile, with kind regards and compliments of the season, I am,

Yours very truly,
Resident Manager
