My dear Sir

I herewith send you a cheque for the 10.000 fs for the tsubas & other curios which I hope you will receive safely. On your invoice you have not put the 310 tsubas as being in the lot for the 10000 frs & you have put 14 pieces, whereas I only find 4 was this an error. In regard to the lot of 239 Inros & the lot of small pieces on the table, please let the affair stand over for a few days until I have looked at the large auction of Japanese curios to be sold now on Thursday should they not be good I may then take your lot for the sum you wanted

I remain your very sincerely
