Monsieur T. Hayashi

Paris

My dear Monsieur Hayashi, I will accept the lot of Inros & the lot of small pieces at the price agreed upon by you 18.500 frs so if you will send them as soon as possible but you had better put the hat in for that amount & you will make me feel more satisfied. There is a large auction going on here tomorrow I do not know if they will sell well, there are a great number of Inros [*1] & Tsubas [*2] Kozukas [*3] Fuchi [*4] Kashira [*5] &c. I shall most probably buy a good number of them, so that I shall be short of money so you must not press me for any for a little time but I do not suppose I shall keep you waiting long.

Hoping you are now quite well & that I shall find you so when next I am in Paris also that we shall have a big deal again very soon.

I remain

yours very faithfully

W. D. Cutter.

Try & include the hat as I think the lot very dear & the hat is not worth more than 250 frs. So that will not be much to you to do.
