

New York, Mar. 7, 1898.

Mr T. Hayashi  
65 Rue de la Victoire  
Paris, France.

My dear sir : --

I beg to hand you herewith a memorandum of your indebtedness to the Aldine Club, for dues up to the first of May, 1898.

You have already been notified of the consolidation that has taken place between the Aldine Club and the Uptown Association and of the fact that the first dues under the consolidation will become payable on the first of August. Your name has been transferred to the membership roll of the new Club, and it is necessary that a settlement of the outstanding obligation be made at as early a date as possible. May I ask that you will communicate with me at once, so that I may turn over the books to the Treasurer of the Consolidated Club with your indebtedness cancelled.

Yours sincerely,  
William B. Howland Freer
